## OBJECTIVE

Front-End Software Engineer specialized in frameworks such as Vue.js/Nuxt.js, with extensive experience in CMS like WordPress for creating custom themes.

I am currently finishing my fifth year in a computer engineering school and I am looking for a permanent contract after obtaining my degree.

## EXPERIENCE

**FULL-STACK SOFTWARE ENGINEER, INTERNSHIP**

**Caisse d'Epargne.** Strasbourg, France
| Jan 2022 - Apr 2022

Development and production of PHP/JQuery/Oracle applications.

Documentation writing.

**FRONT-END SOFTWARE ENGINEER, JUNIOR**

**Bradley : The Brand Agency.** Dublin, Ireland
| Aug 2022 - Sep 2023

Created several operational Wordpress sites with custom themes for well-known Irish companies, including Mcorm and Natural Stockcare, as well as international companies such as Indorama Ventures.

Collaborated with designers to translate their vision into responsive web interfaces for all devices.

Directed website development from concept to launch, demonstrating expertise in independent web development.

**FRONT-END SOFTWARE ENGINEER, APPRENTICESHIP**

**HopLunch.** Strasbourg, France | Sep 2023 - Present

Significant contribution to the development and improvement of the Hoplunch website, using the Nuxt.js framework.

Optimized front-end component logic for improved user experience.

Active participation in team meetings, contributing ideas and suggestions to improve the site's UI/UX.

## EDUCATION

**MASTER'S DEGREE IN COMPUTER SCIENCE**

**CESI Graduate School of Engineering.**
Lingolsheim, France | 2019 - Present
